Emergency School Closure
Individual Student Home Transportation Plan
2019-2020

There are occasions when inclement weather, mechanical failures, or other emergencies force schools to close early. During these events it is impossible for us to notify each of our parents individually by phone, but it is imperative that we ensure that all students arrive home safely.

In the event that the superintendent chooses to close school early on any given day, the decision will be announced on local radio and television stations. In the past, this method of notification has worked reasonably well, but it is not one hundred percent successful.

Because no system is perfect, we need your assistance to help us keep your child safe. Attached below is an early dismissal form. If you cannot complete this form during registration, please return it to the Deep Creek-Damascus K-8 School office before the end of the first week of school.
