Dear KCES Families,

The Gresham-Barlow School District continues to prepare for resuming in-person instruction. Although we do not know exactly when this will happen, we do need to prepare.

We are asking elementary families to choose between returning to in-person instruction through a hybrid model OR remaining in online instruction through eGBSD.

Please select the program that best meets the needs of each elementary aged child in your family by filling out one survey for each elementary aged child. If you have more than one student at a school, complete a survey for each student. We have provided a short video to support you in the decision-making process.

Once you have made a choice on the type of learning model your student will participate in, your student must remain in that program until the end of the grading period.

Surveys need to be completed by 4:00 pm on Wednesday, January 13, 2021.
