

Parent / Visitor School Arrival Procedures

Safety and security of GBSD's schools has been enhanced as part of the 2016 Bond Measure. During the summer, installation was completed and we have started new operational arrival procedures. The security enhancement is being implemented at the start of the 2018-19 school year. The primary portions of the building where we implemented enhanced security measures are the main entry vestibule, and student arrival doors.

In the morning, all exterior doors remain locked until bus arrival time. Staff will unlock doors and supervise arrival. We prefer that students ride the bus or walk to school. Please arrive on time, as the doors will be locked at school start time.

When you arrive to visit, please follow the safety procedures. 1. Go to the designated entry door. 2. Use the new videophone and push the button to request entry. 3. Talk with staff and follow directions. 4. Report to the main office and sign in. Thank you for helping foster a safer school for everyone. Our goal and emphasis is to stay focused on the safety of our students and staff, while continuing to welcome our volunteers and visitors.

The picture below is the new door bell, the system is called AiPhone has been installed at each school. The AiPhone is a "door bell" with video.

The diagram below shows the safety procedure we are using to enhance safety and security. Thank you.
