Students, especially those who are most marginalized, are at the center of our conversations and decisions. Every time. Every day.	
1) Active Listening for Understanding - ask questions for clarification - assume good intentions - give grace and patience	3) Stay engaged and on task - think outside of the box - monitor your attention
2) Equity of Voice - pause for / allow think time - invite all perspectives - speak responsibly from your perspective	4) Accept non-closure - relentless focus on the outcomes - circle back to make decisions - respect start/end times
